

## Tomato Basil Mozzarella Panini

### INGREDIENTS:

8 each	H3 foccacia bread pieces
4 oz	Whole milk mozzarella cheese (1 oz/person)
4 Tbsp	H3 Basil pesto mayo
4 each	Globe tomatoes, slice ½ inch thick

### PREPARATION:

- Preheat oven to 300°F or if you have Panini machine preheat in advance
- Spread 1 tablespoon of basil pesto mayo between two pieces of foccacia bread
- Place tomato slice(s) and 1 oz mozzarella cheese on one side of foccacia bread
- Top with other piece of foccacia bread
- Place on baking sheet in oven or in Panini machine
- Once the mozzarella has melted and the sandwich is warm, enjoy with your favorite side dish!

Chef's Note: Oven may be set to 350°F, if 300°F takes too long. Just make sure your foccacia bread does not dry out. If you are using a Panini machine, spray non-stick cooking spray on the top and bottom so your sandwich does not stick.
